# Australia

## THREE REASONS TO STUDY IN AUSTRALIA

### GEOGRAPHY

Australia is the world's sixth largest country, smallest continent and a land of great extremes. Dry desert in the centre, or otherwise known as 'the outback', vast mountain ranges leading into the beautiful coastal areas lined with beaches, clean ocean waters, magnificent islands and tropical rainforests.

### CULTURE

With more than 300 languages spoken in our homes, over 100 religions and more than 300 different ancestries, Australia has a rich cultural diversity.

### VALUES

The Australian way of life embraces human equality, mutual respect and acceptance of others. Australian people are laid-back, friendly and open with both strangers and friends alike.

With such a diverse mix of cultures and nationalities, Australian people are tolerant of these differences and believe in equality regardless of race, religion or ethnic background. You will find Australians share common personal values such as family, a good work-ethic, an active lifestyle and a vibrant social life.

## Q&amp;A

## REAL STUDENTS, REAL STORIES

**Q What has improved the most?**

**A** “Everything has improved. But the most thing is to speak without hesitation and that is thanks to some projects that we have to prepare and talk about it in the class.”

- Noga, *Israel*

**Q What has been your biggest challenge while studying English?**

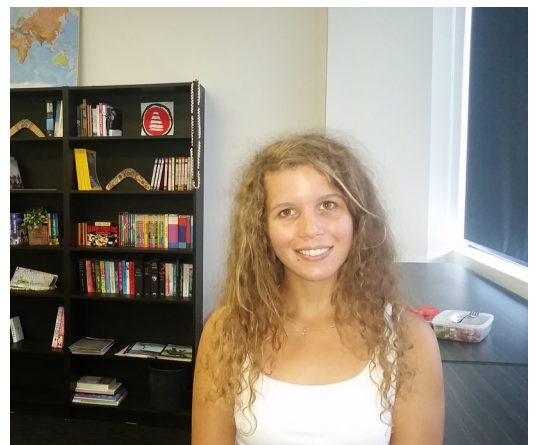

**A** “If I talk about the language itself, it would be the tenses; the best one you have to choose to describe a situation – now I’m quite comfortable with that. I can easily say, ‘Who will be teaching me tomorrow?’. I couldn’t say that a couple of months ago. I feel I have improved...”

- Aurelié, *Switzerland*

**Q What has improved the most?**

**A** “Always I spoke with present, and now I can make a question like ‘Did that...? Did you have...?’ I have improved making questions. And using past tense. And listening at the dinner table. Before – nothing – now I can get the context.”

- Tatiana, *Chile*

REAL STUDENTS, REAL STORIES

## ENGLISH + INTERNSHIP

**Q** What has improved the most?

**A** “We can understand people more, and we learned a lot of new words and expressions in English.”

**Q** How has this English course prepared you for the future?

**A** “Maybe my first job, but I know that I like speaking English, and in professional work it’s a plus to speak English. When you can speak English it’s easier to find a job. Maybe I will work in an office with French and English...”

**Q** What advice would you give to someone considering The Language Academy?

**A** Meryll: “We recommend people to come study here. We don’t know if it’s the same in all Australian schools, but we like the way that the teachers do their work here. In our country it’s not the same, and we appreciate to learn this way, more than at home.”

□ - Jade and Meryll, *New Caledonia*
